## **TENNIS CAMPS**

## **Ages 3-18**

These camps appeal to all ages and all levels of play – from the 3 year old that has never picked up a racquet, to the advanced 18 year old tournament player. To make sure everyone has a great time at camp, we group the players by skill level and offer age specific groupings. During camp the focus is on fundamental stroke technique – forehand, backhand, volley, serve, return of serve and overhead smash. At the beginning of each day, a new stroke is taught and then practiced throughout the day. At the end of the week, all six strokes have been covered. All players spend the last part of camp in an exciting match play environment. Tennis Pro: Billy McKinney
