

SUPPLIES

Two different nature items (rocks, nuts, etc.)

Paper or cardboard

Marker or pen

INSTRUCTIONS

- 1 Draw out a tic-tac-toe board on a piece of paper or cardboard. It should look like the pound sign or hashtag symbol.
- 2 Each player chooses a set of game pieces from the nature items.
- 3 The first player places one of their game pieces on one of the squares. Then second player places their game piece in a square.
- 4 Continue taking turns, with each person putting a game piece in one empty square on each turn.
- 5 Whoever gets three of their game pieces in a row (horizontally, diagonally, or vertically) first wins the game. If all nine squares are filled with no one having three in a row, this is a draw, so play again.
