

ADVENTURE SEEKERS

Dear Adventure Seekers Summer Camp Families,

Thank you all for your patience as we waited for guidance from the CDC, ACA and the government on if and how we can run summer camp.

The good news is that we are going to be able to run Adventure Seekers Summer Camp! While we cannot guarantee that COVID-19 will not happen, we can assure you that we have done our absolute best to ensure we are hosting the safest possible camp we can. Attached is a summary of some of the measures we are taking to prevent COVID-19 at camp. As of right now these guidelines are for June and we will re-evaluate what needs to be in place for July based on the guidelines at the time. We will announce updates for July on June 20th.

What are the changes that are going to affect me and my camper?

Staggered Drop Off and Pick Up: Prior to camp you will receive an email with your drop off and pick up window for your camper. We ask, as best as possible, that you stick to your assigned window.

Adventurers (12-14y.o.) Field Trips: We know our oldest campers (12-14 y.o.) look forward to their field trips but unfortunately, field trips are strongly discouraged by the CDC and government so we will be suspending all field trips and on site visitors to camp. Due to this we will not be theming adventurer weeks and just offering a standard week of camp which encompasses a range of outdoor camp activities and bits and pieces from each theme. If this no longer meets your campers needs and you'd like to withdraw them, please let us know and we will provide a full refund.

Health screening for campers: On Monday we will be asking a series of health screening questions (attached) that will place your camper in high, medium or low risk category. Those in the high risk category will not be able to attend camp and will be issued a full refund. If you know that your camper is going to fall in the high risk category we ask that you let us know in advance. Temperatures of campers will be checked every morning prior to letting anyone enter camp. Those with temperatures over 100.4F will not be allowed to attend camp. We will have no-contact thermometers for this but we encourage you to bring your own thermometer to test your child while in the car and show us the reading.

Group Sizes and Areas: While campers will operate in their usual groups of 14 with two counselors, we will have designated groups of 50 that do not overlap. Those groups of 50 will have a designated area for lunch and down time. The only shared space between groups will be bathrooms which will be disinfected hourly by lead staff and after every group handwashing/bathroom break by counselors. To accommodate these spaces, some groups will be up at the Field Trial Barn but drop off and pick up will remain at the Adventure Center. All spaces will have all possible doors/windows open to increase ventilation as recommended by the CDC. This will mean no air conditioning other than when absolutely necessary. Air conditioning will be available for any child who feels unwell or over heated.

What if my camper is high risk or I no longer want to send them to camp for personal concerns?

If your camper is considered high risk for COVID-19 (see CDC guidelines on that [here](#)), we recommend that you do not send them to camp. If you have any concerns about sending your camper to camp due to COVID-19, please let us know. We understand this situation impacts everyone uniquely and summer

plans may have changed. We will be relaxing our refund policy this year and will be offering full refunds should you choose to cancel. As a reminder, we require at least 10 days' notice to ensure a full refund. ***Should you need to cancel please do so via email to AdventureSeekers@ASCGreenway.org. We will not accept any cancellations over the phone.***

Will you be offering an alternative to in person camp?

YES! We are so excited to announce our SUMMER CAMP IN A BOX program! Camp in a box is an 8-week program that we will provide supplies and videos for.

How it works:

- We will pack an age-appropriate camp box for your camper filled with wonderful camp goodies and activities for one activity a week for eight weeks. You will be able to pick up the box starting the week of June 8th. You can sign up at any point during the summer.
- Each week we will post a video showing you how to do one of the activities in the box.
- We strongly encourage you to post videos of your family participating in the activities and let us know how it goes!
- Cost and registration details coming soon!

I am excited and ready for camp! What can I do to get ready?

We are so excited you are going to be able to join us for camp this year! It may look a little different but will still be filled with wonderful outdoor experiences, friendships and fun! To make sure you are ready:

1. **Know what weeks you are registered for.** We know sometimes those summer dates booked in January look far away and are easily forgotten so make sure you know what week(s) your camper is attending. As a reminder billing happens the Monday prior to your registered week of camp.
2. **Make sure you EZ Child Track health forms are completed.** Don't forget that tetanus shot date!
3. **Read the parent handbook** so you know our pick up and drop off procedure and what to bring to camp.
4. **Get your camper prepped for camp!** Make sure they are spending time outside and that they are staying hydrated to ensure maximum ability to participate in activities and have fun!

If you have any questions about anything above, please do not hesitate to reach out to Camp Director, Natalie Senglaub at NatalieSenglaub@ASCGreenway.org or 803.547.1007.

Once again, thank you all for flexing and adapting with us as we re-imagine camp in the time of COVID-19. We know summer camps are needed more than ever this year and we hope to provide your camper with an incredible experience.

JUNIOR ADVENTURE SEEKERS

Dear Jr. Adventure Seekers Summer Camp Families,

Thank you all for your patience as we waited for guidance from the CDC, ACA and the government on if and how we can run summer camp.

The good news is that we are going to be able to run Junior Adventure Seekers Summer Camp! While we cannot guarantee that COVID-19 will not happen, we can assure you that we have done our absolute best to ensure we are hosting the safest possible camp we can. Attached is a summary of some of the measures we are taking to prevent COVID-19 at camp. As of right now these guidelines are for June and we will re-evaluate what needs to be in place for July based on the guidelines at the time. We will announce updates for July on June 20th.

What are the changes that are going to affect me and my camper?

Once again, thank you all for flexing and adapting with us as we re-imagine camp in the time of COVID-19. We know summer camps are needed more than ever this year and we hope to provide your camper with an incredible experience.

Mountain Bike Camp

Dear Mountain Bike Camp Families,

Thank you all for your patience as we waited for guidance from the CDC, ACA and the government on if and how we can run summer camp.

The good news is that we are going to be able to run Mountain Bike Camp! While we cannot guarantee that COVID-19 will not happen, we can assure you that we have done our absolute best to ensure we are hosting the safest possible camp we can. Attached is a summary of some of the measures we are taking to prevent COVID-19 at camp. As of right now these guidelines are for June and we will re-evaluate what needs to be in place for July based on the guidelines at the time. We will announce updates for July on June 20th.

What are the changes that are going to affect me and my camper?

Health screening for campers: On Monday we will be asking a series of health screening questions (attached) that will place your camper in high, medium or low risk category. Those in the high risk category will not be able to attend camp and will be issued a full refund. If you know that your camper is going to fall in the high risk category we ask that you let us know in advance. Temperatures of campers will be checked every morning prior to letting anyone enter camp. Those with temperatures over 100.4 F will not be allowed to attend camp. We will have no-contact thermometers for this but we encourage you to bring your own thermometer to test your child while in the car and show us the reading.

Location: Camp will take place entirely outside this year (not at the Field Trial Barn). We will still be located at the Adventure Road entrance but will instead meet at the lower field located by the Stumpy Pond restrooms. Detailed directions will be provided the week prior to camp. As part of this we will have a new drop off/pick up procedure and we will ask that parents only get out of the car after the health screening and check in to help with getting the bike out.

Bikes: In the past Bike Source has attended the first morning of camp to help with any tuning of bikes. As we are not allowing outside visitors this year that will not be possible. Please be sure to take your bike to a bike shop prior to camp to have it tuned and in the best possible shape for camp. Also, in previous years we have been able to store bikes at the Greenway for the duration of camp. That will not be possible this year so please be prepared to take home bikes at the end of each day and bring them back the next day.

Pool: I know many of us look forward to the pool trip at the end of mountain bike camp but unfortunately we are doing no field trips this year to protect campers. We can assure you that we will still have lots of fun that afternoon!

What if my camper is high risk or I no longer want to send them to camp for personal concerns?

If your camper is considered high risk for COVID-19 (see CDC guidelines on that [here](#)), we recommend that you do not send them to camp. If you have any concerns about sending your camper to camp due to COVID-19, please let us know. We understand this situation impacts everyone uniquely and summer plans may have changed. We will be relaxing our refund policy this year and will be offering full refunds should you choose to cancel. As a reminder, we require at least 10 days' notice to ensure a full refund.

Fish Camp

Dear Fish Tales Summer Camp Families,

Thank you all for your patience as we waited for guidance from the CDC, ACA and the government on if and how we can run summer camp.

The good news is that we are going to be able to run Fish Tales Summer Camp! While we cannot guarantee that COVID-19 will not happen, we can assure you that we have done our absolute best to ensure we are hosting the safest possible camp we can. Attached is a summary of some of the measures we are taking to prevent COVID-19 at camp. As of right now these guidelines are for June and we will re-evaluate what needs to be in place for July based on the guidelines at the time. We will announce updates for July on June 20th.

What are the changes that are going to affect me and my camper?

Health screening for campers: On Monday we will be asking a series of health screening questions (attached) that will place your camper in high, medium or low risk category. Those in the high risk category will not be able to attend camp and will be issued a full refund. Temperatures of campers will be checked every morning prior to letting anyone enter camp. Those with temperatures over 100.4 F will not be allowed to attend camp. We will have no-contact thermometers for this but we encourage you to bring your own thermometer to test your child while in the car and show us the reading.

Fishing Poles: Each camper will receive their own fishing pole during fish camp. We ask that each day campers take their poles home and bring them back each day. We will not be able to store them for campers this year.

What if my camper is high risk or I no longer want to send them to camp for personal concerns?

If your camper is considered high risk for COVID-19 (see CDC guidelines on that [here](#)), we recommend that you do not send them to camp. If you have any concerns about sending your camper to camp due to COVID-19, please let us know. We understand this situation impacts everyone uniquely and summer plans may have changed.
