

DONOR MID-YEAR

UPDATE

HERE IS A QUICK LOOK AT WHAT THE GREENWAY HAS ACCOMPLISHED AND OVERCOME SO FAR THIS YEAR WITH YOUR SUPPORT.

COVID-19 UPDATE

In late March, the Greenway experienced the impact of the COVID-19 pandemic, requiring us to delay, cancel or significantly change our operations. The Greenway lost nearly 80% of our workforce.

ANNUAL REPORT

The Greenway produced its first Annual Report, documenting the earliest days of the Greenway to present and providing an in-depth look at our work.

GREENWAY CAMPS

Greenway Summer Camps opened in June with enhanced protocols to keep children and staff safe. "Camp in a Box", an 8-week at-home camp experience for families to enjoy in their very own backyards, rolled out to children unable to attend camp in person.

EDUCATION

The Greenway Education team continued to provide childcare for working families in Fort Mill by creating alternate spaces on the Greenway for our FLYERS summer program. With the creation of the Greenway Discovery School, FMSD parents will have a safe, fun and structured option for their children in the new hybrid school environment.

25TH ANNIVERSARY

The Anne Springs Close Greenway kicked off 25 years of serving the community through invaluable education and recreation programming, sowing the seeds for future environmental stewardship.

GREENWAY REOPENS

After a brief closure, we reopened our gates in late April and welcomed back a record number of daily visitors and members.

ACTION FUND

In May, the Greenway launched the Action Fund fundraising appeal, garnering over \$33,000 for Greenway operations in just a few short weeks.

NATURAL RESOURCES

Focused on prevention early in the year, the team halted a major weevil infestation in trees at the Mary Warner Dog Park. Working to stay ahead of the harmful blue-green algae we saw last summer, a fence was installed along Lake Frances so that access to the water from the dog park can be controlled should there be a resurgence of blue-green algae.

2020 By the Numbers

313 Active Households

12,000+ Active Memberships

\$33k raised through the Action Fund

50 new volunteers welcomed

60 Camp in A Box Campers

750 Greenway Campers
