

Specialty Day Camps

Camp at the Children's Farm

Rising K-Rising 3rd Grades

Join us for a week of farm fun at the Crandall Bowles Children's Farm. Campers will find their inner farmer as they learn to care for the animals, grow a garden, and what it takes to be awesome at agriculture. Each day campers will learn a new animal care area by feeding the chickens and rabbits, frolicking with the alpacas, playing with the pigs, grooming the goats, feeding the cows and so much more.

By the end of the week your camper will have the skills to feed and care for their favorite farm animals. Join us on Friday for the campers to show off their new animal husbandry skills at the Mock Animal Fair.
