Gilbert and Norris are the sweetest brothers in the barnyard. As Nubians, they will grow very tall - one day they could even be as tall as Romeo the Zebu steer.

Gilbert and Norris came to the Children's Farm as babies. While they were shy at first, they now love their home and spend their days jumping and climbing, and seeking affection from visitors.

FUN FACT: Sofia does not pass up an opportunity for a head scratch and sometimes uses her caretakers as a scratching post. Be sure to give her a nice rub on the forehead.
